PLANT MILLS TESTED SEEDS

MILLS SEEDS are Tested for germination before being put up and sent out.

We keep our stocks true through tests in our *Trial Gardens*, and claim you cannot buy better seeds at any price, and guarantee vitality and purity if they are properly planted and cared for the year purchased.

See our Double Guarantee

MILLS SEEDS for 58 years have been sold through Mail Orders from our Annual SEED BOOKS or through Special Advertising, and can be had only by ordering direct from MILLS SEED HOUSE, ROSE HILL, N. Y. We do not employ agents.

We furnish annually Vegetable and Flower SEEDS of the highest quality to over quarter of a million Customers in all parts of the United States, and every Order even as small as one PACKET of seed is given careful attention, and safe arrival guaranteed.

Our location at Rose Hill, owning our Farms, Buildings and Equipment, reduces our expenses as compared with a City location, and enables us to furnish Seeds of the highest quality at lower prices than many other Growers.

1944 Crops have been very satisfactory and we hope to be able to take care of all our Customers in 1945, and we urge ordering as early as possible to insure full delivery.

Instructions for Ordering Mills Seeds

Please use our Order Blank when ordering, if possible, which you will find in this Seed Book and be sure to sign your name and give full address on every order or letter you send us. Enclose remittance with each order and do not ask us to send C. O. D. unless absolutely necessary for it delays delivery.

Free Delivery — Prompt Service

We pay postage on everything offered in this Seed Book. This means we deliver postpaid to any Post Office in the United States or Possessions. We mail Seeds to Canada if 20 per cent of the total order is included in the remittance to cover exchange and extra packing and postage. You can depend on prompt service. Order early as possible.

How to Make Remittances

We have been doing a strictly cash-with-order business for 58 years and you run no risk in sending remittance with order. We refer you to hundreds of thousands of our customers.

Remit by Post Office or Express Money Order, Draft or Registered Letter. If Cash or Postage Stamps are sent we cannot be held responsible for safe delivery unless registered. No foreign postage stamps or foreign coin accepted.

58 Years Experience

is back of Mills Seeds. Our trade has increased year by year and this should be the best proof that MILLS SEEDS give satisfaction.

Double Guarantee

FIRST—We guarantee the Vitality and Purity of our Seeds to the full amount of the purchase price if properly planted and cared for the same year purchased, if proof is furnished that the fault was with the seeds.

Even with the highest quality of Seeds success depends largely upon soil, not too deep or too shallow planting, cultivation and weather conditions after planting.

It is, therefore, agreed that in no case shall we be liable for more than the amount actually paid, and if not accepted on these conditions, they must be returned at once.

SECOND—We guarantee the safe arrival of all Seeds in good condition, and should anything be damaged or lost on the way we will replace when proof is furnished. This is the Double Guarantee that protects all who purchase MILLS SEEDS.

NEW FLOWER for FREE TRIAL

Southern Star Peacock Blue Color

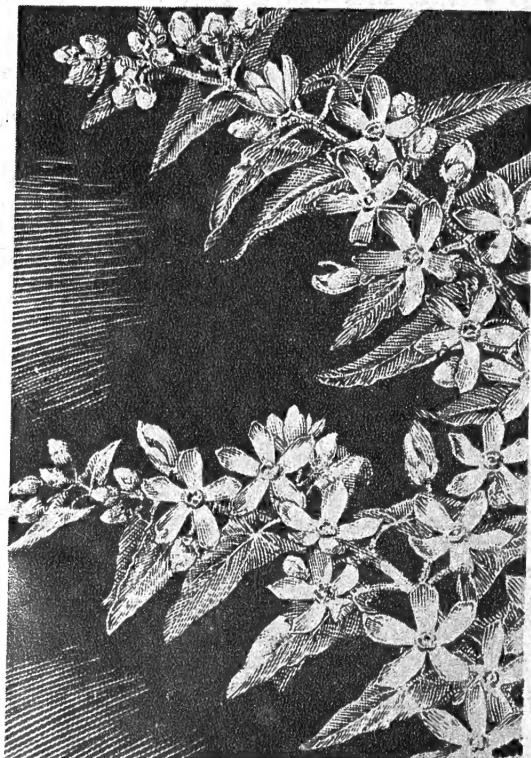

Here is a very interesting new Flower from South America. We have arranged for a limited quantity of Seed at quite an expense, to distribute free Samples (as long as they last) to our 1945 Customers who wish to try it.

Plants grow about 15 in. tall, stems arching so that the Peacock Blue Flowers look upward and these Flowers really are stars, each with five petal-points carried in clusters, many open at once and look as though the color had been painted on, giving a delightful effect.

It makes a splendid pot plant or can be grown in the garden. Seed germinates quickly, plants begin to bloom in about 12 weeks and continue for months. It being a tender plant, must be protected from frost.

We will include FREE with all 1945 Orders one Sample Pkt. of Southern Star seed for trial providing it is asked for on the order. If not asked for, it will not be sent.

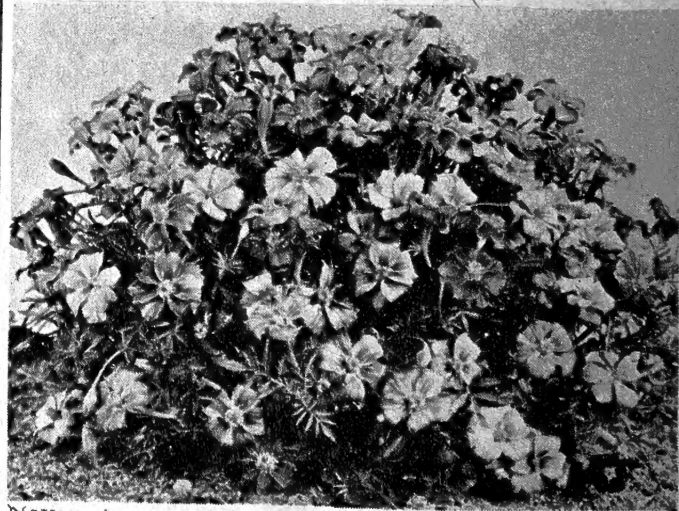

Seeds are very expensive—each Pkt. contains only a few.

If a customer neglects to ask for sample Pkt. when ordering seeds but later writes for it, 6c in stamps must be enclosed to cover extra clerical work, paper, packing, and postage to mail the PACKET First Class.

FLASH MARIGOLD

All-America for 1945

Never have we seen a Marigold so uniform in habit nor one which blooms so profusely as Flash which was grown in our Trial Gardens in 1944. It is the earliest of all and continues to bloom throughout the season until frost.

The name Flash is descriptive of the bright combination of colors which range from vivid Red through Bronze with a few Yellow flowers to give a harmonious contrast. In most of the flowers the base color of Tangerine is over-laid with rich Mahogany Red. Individual flowers grow 1 1/4 inch and more across. Plants about 18 in. tall.

Pkt., 40 seeds 10c; 3 Pkts. 25c

MILLS Northern Grown Beans

We make a specialty of supplying Beans for planting Home Gardens. All our SEED BEANS are put up in PACKETS and one-half pound PACKAGES for mail delivery. Plant in rows 2 to 2½ ft. apart, 1 ft. apart in row. A packet of seed will plant 35 to 40 feet of row and one-half pound about 150 feet of row.

Wax or Yellow-Pod Stringless Bush Beans

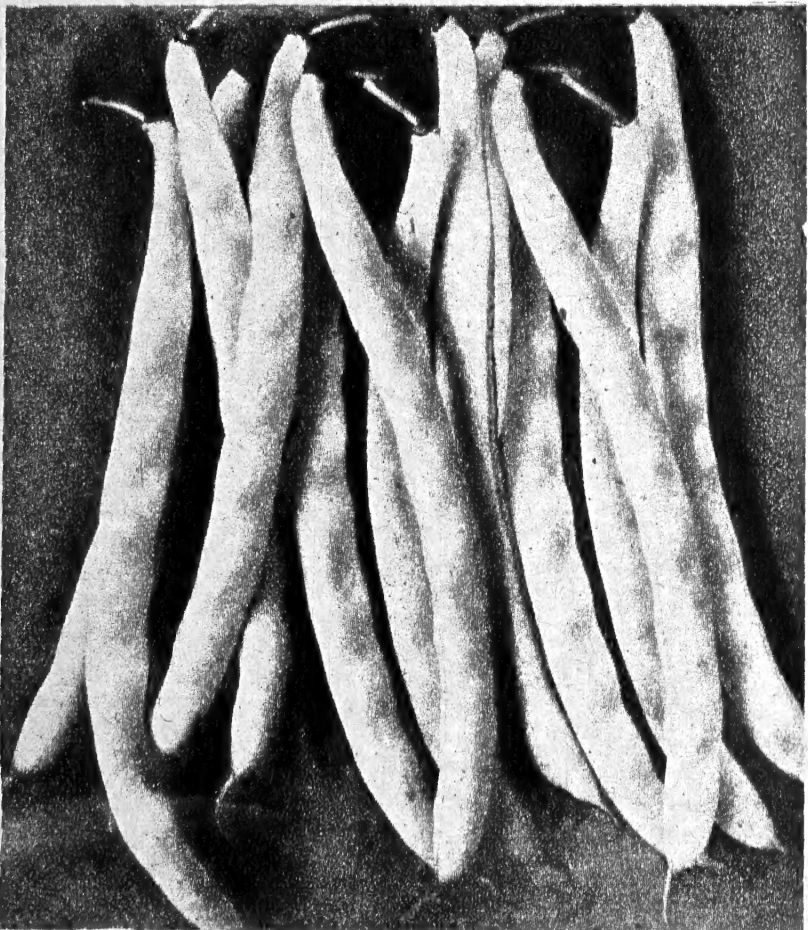

Yellow-podded or Wax Bush Beans will grow and produce big crops most anywhere and are preferred by many.

Surecrop—Stringless Wax

Also known as Yellow Bountiful. Plants grow upright and carry a heavy crop of handsome rich yellow pods. They branch freely, holding pods well up from the ground and the meaty tender pods are of fine flavor and stringless at all times. Sure Crop Wax is a great favorite in the home garden as a tender snap Bean and also for pickling. It is ready for picking in about 48 days.

Pkt., 125 seeds 10¢; ½ lb., 30¢.

Golden Wax—Rust Proof—Top-Notch Strain

This is one of the best RUST-PROOF WAX BEANS in cultivation producing heavy crops of large attractive golden yellow pods. Entirely stringless at all stages of growth; fleshy, tender and brittle. Very desirable for the home garden. Ready in about 50 days. Pkt., 125 seeds 10¢; ½ lb., 30¢.

Green-Pod Stringless Bush Beans

These mature about same time as Yellow-podded Wax varieties and are equally as good in quality and productiveness.

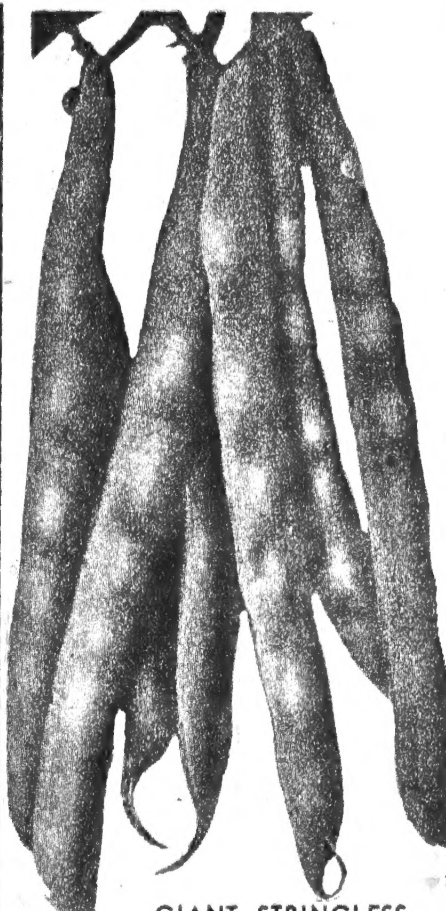

Giant Stringless

One of the best quality plants are of strong growth, compact and very productive, producing handsome dark green pods. The pods are meaty, stringless and always give satisfaction, being well suited to all parts of the United States. Ready in about 52 days.

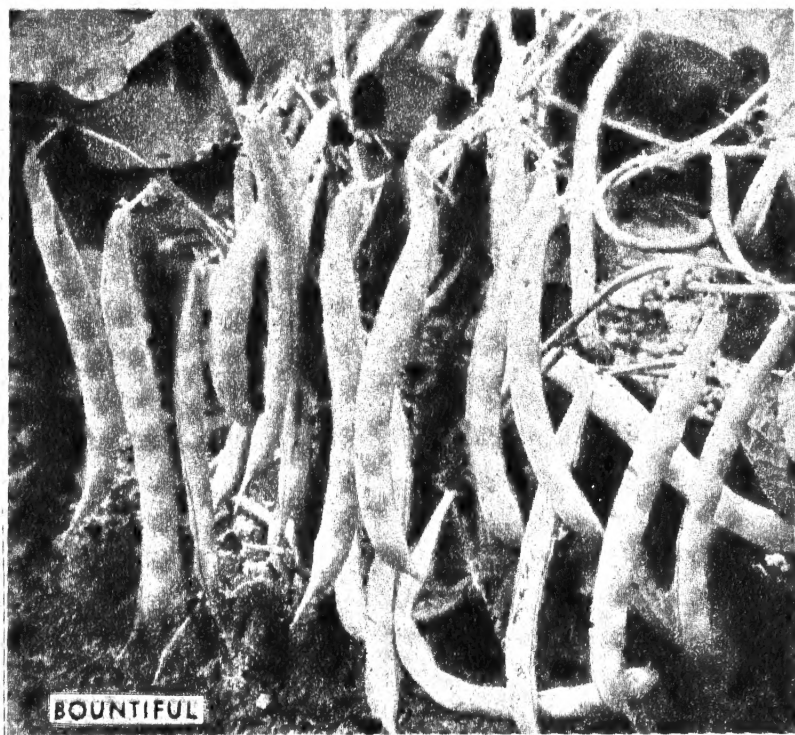

Pkt., 125 seeds 10¢; ½ lb., 30¢.

Bountiful

An excellent early green-pod variety. Plants grow strong and bear over a long season. Pods stringless and of fine quality and one of the first to furnish tender pods early in the Spring and preferred by many of our Customers. Ready in about 47 days under normal conditions. Pkt., 125 seeds 10¢; ½ lb., 30¢.

GIANT STRINGLESS

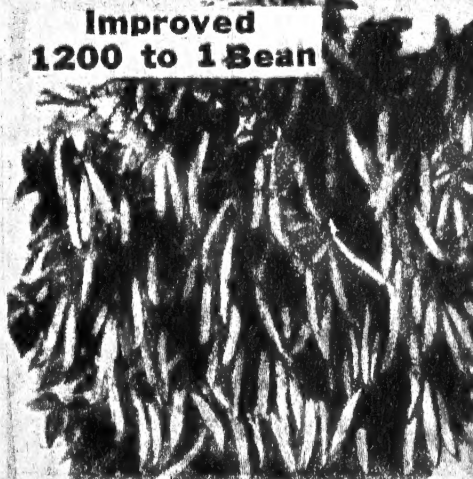

BOUNTIFUL

Shell Beans for Home or Market

Grown for dried beans. Culture same as other bush beans but should be left on the vines until pods have matured then pull vines, dry them and thresh out the dry beans.

Improved 1200 to 1 Bean

Improved 1200 to 1

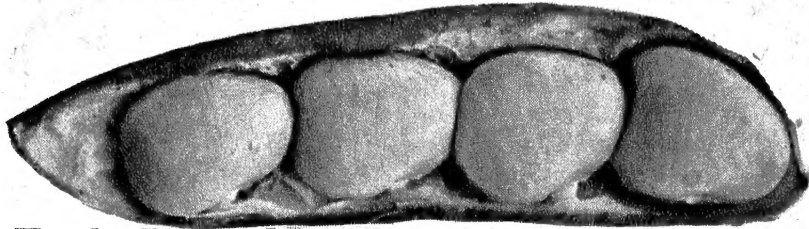

A most productive Winter white shell bean we have grown for many years. The plants produce great quantities of pods carried well above the ground, filled with nearly round, pure white beans of the best quality. Plant in rows about 2½ ft. apart—one foot apart in row, one bean in a hill for best results. The crop ripens evenly and usually is ready for harvesting in about 75 days with favorable weather.
